# We make it easier for you to sell your products

If your products are regularly incurring damage through your supply chain, Progress Container & Display will work with you to create an economically and structurally responsible custom corrugated solution for your warehousing and distribution challenges.

Let us develop and execute your industrial packaging needs. With our experienced in-house creative staff, we can develop your industrial packaging supply chain solutions with total landed costs in mind.

### It doesn't end there

If you have additional challenges or opportunities, we offer retail packaging and point-of-purchase display design, manufacturing, and co-packing services. Our warehousing and VMI service will ensure you have the product you need just in time.

### We offer:

- Ideation and design
- Single wall; double wall; triple wall; and B, C, and E flute corrugated options
- Flexographic printing
- Glue application and verification
- Specialty packaging (foam, molded fiber inserts, plastics, thermoform)
- ISTA® testing through a trusted partner
- VMI, Vendor Management Inventory

### Let's Talk

If you are looking for a collaborative partner with the experience to create structurally sound, economically responsible packaging solutions, total supply chain knowledge with the passion and drive for flawless execution, contact us; we'd love to have you visit our facility and learn how we can help you.
